

Sunday, August 14, 2022 - 'Wisdom and the Life of Flourishing'
Proverbs 3:13-14, 18; 8:32-36

Reflection Questions:

- How does your knowledge of God impact your life? In other words, when you think about God—who God is, and what God is like—what difference does that make to how you live?
- What fruit is your life producing, and what does that say about your state of flourishing? What signs of flourishing are you thankful for, and where might you like to see more growth or abundance?
- Where do you see signs of flourishing—the fruit of the life God made us for—in the lives of those around you?
